End Application:

Valve, pressure relief; p/n 27612-k, used onboard 420 ft. Wagb coast guard vessels

Valve Operation Method:

Automatic

Connection Type:

Flange all ends

Special Features:

Valve control - 150 flgd. 2 inches; brz mil-f-20042; inlet pressure norm. - 75psig; maximum psig - 125; set point - 75psig; capacity reqd -100gpm

Material:

Bronze body

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
