## NSN 4820-01-451-9833

Calibrated Flow Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-451-9833

Body Material:
Steel, corrosion resisting

Body Style:

First End Connection Type: Unthreaded internal pipe

First End Style Designator:

Socket w/brazing ring

First End Pipe Size Accommodated:

1.500 inches

Straight thru

**Second End Relationship With First End:** 

Identical

**End Connection Quantity:** 

\_

Valve Discharge Flow Rate:

58.0 gallons per minute

Regulation Type:

Automatic single stage

**Tempurature Rating:** 

160.0 degrees fahrenheit

Shelf Life:

N/a

**Unit Of Measure:** 

**Demilitarization:** 

No

Fiig:

A21100
