Body Style:

Straight thru

Media For Which Designed:

Hydraulic fluid, mil-h-5606

First End Thread Size And Series/type Designator:

1-12 npt

End Connection Quantity:

2

Filter:

Not included

End Application:

Pitch trim assembly

Tempurature Rating:

Between -65.0 degrees fahrenheit and 250.0 degrees fahrenheit

Product Name:

Flow control servo pressure regulator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A21100
