Flange Diameter:

50.125 inches

Bonnet Type:

Inside screw

Bolt Hole Quantity:

8

End Application:

Nimitz class cvn

Valve Operation Method:

Manual

Connection Type:

Flange, round w/holes

Valve Size:

8.000 inches

Stem Type:

Rising

Face To Face Distance:

29.000 inches

Flange Face Design:

Raised

Inlet Relationship With Outlet:

Identical

Material:

Stainless steel stem

Supplementary Features:

Special material identification code "ab". This is "asbestos free" material

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500a0
