Body Material:

Steel

Media For Which Designed:

Hydraulic fluid, mil-h-5606

Regulation Type:

Manual single stage

Manual Control Method:

Lever

End Application:

2350-01-368-9500; weapon code fh; field artillery ammunition support vehicle

Temperature Rating:

-40.0 degrees fahrenheit and 200.0 degrees fahrenheit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
