End Application:

F-5e/f

Valve Operation Method:

Manual

Special Features:

Working pres 500 psi, burst pres 2500 psi

Material:

Copper alloy

Material Specification:

Astm b283 assn standard single material response

Style Designator:

Screw-in cartridge

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530b0
