Bonnet Type:

Packing retaining

Renewable Seat Ring Type:

Retaining screw

Maximum Operating Temp:

50.0 degrees celsius 2nd response

Connection Style:

G46b plain (pipe) all ends

Valve Operation Method:

Manual

Connection Type:

Threaded external tube all ends

Maximum Operating Pressure:

10300.0 kilopascals single response

Material:

Steel comp 316 stem and plastic tetrafluoroethylene stem

Style Designator:

Err-090

Furnished Items And Quantity:

1 handwheel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
