Features Provided:

Vinyl coated

Criticality Code Justification:

Zzzy

Burst Pressure:

82.0 pressure pounds per square inch gage

Disk Material:

Aluminum and plastic

Burst Temperature:

120.0 degrees fahrenheit

Special Features:

Next higher assembly; holder

Reference Number Differentiating Characteristics:

As differentiated by oxygen cleaning

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512v0
