P-25, firefighting vehicle; Ihd and carrier Pressure Rating: 3500.0 pounds per square inch Special Features:
Pressure Rating: 3500.0 pounds per square inch Special Features:
3500.0 pounds per square inch Special Features:
Special Features:
Shall be compatable w/mil-h-83282 fluids; all ports saej1926 o-rings 6ea; max flow 3 gpw
Material:
Aluminum alloy
Surface Treatment:
Anodize
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
