**End Application:**

Nha crane electro

**Valve Design Control Activity:**

27005

**Valve Model Number For Which Designed:**

Mp22-20

**Special Features:**

Petroleum oil directional flow control regardless of changing load pressure, standard closed center, port matched for secondary valve with plug (standard), proportional control with stroke limiter, high boy section (port options available), 3 spool designations, mobile stack valve, pressure compensated, series 20, solid pressure compensator spool available in hb section with standard main spool work port flow 55 gpm, standard section with no optional compensator pressure control, flow range gp (l/min) 55 (208), operating pressure port t psi(bar) 290 (20) and port p, a, b psi(bar) 5000 (345), hydraulic fluid - petroleum oils (hm, hl, hlp), fluid temperature range ssu (mm<sup>2</sup>/s) 35-1760 (10-380) (dependent upon fluid), cleanliness level 18/15 according to iso 4406

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A502b0
