End Application:

1c-5-704

Valve Design Control Activity:

98939

Valve Model Number For Which Designed:

Re2792

Sleeve Material:

Steel

Special Features:

Manufacturers suggested name is cartridge, low surge; major component parts are: pistons p/n's 571r242 & 571r240 & 571r241, caps p/n's 261r198 & 261r197, spool p/n ..421r025

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A502b0
