**Disk Loading Method:**

Spring

**End Application:**

C-17a

**Mounting Position:**

Vertical

**Product Name:**

Assembly doubler valve

**Special Features:**

Switch attaches to check valve w/4 threaded fasteners

**Material:**

Aluminum body

**Media For Which Designed:**

Fuel/oil, hydrocarbon single response

**Style Designator:**

Straight through drop-in cartridge

**Supplementary Features:**

Flow control device: needle

**Furnished Items And Quantity:**

2 cap and 1 relief plug

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530b0
