End Application:

Valve gate 10.000 ips 250 psi flge cu-ni monel

Valve Operation Method:

Hydraulic

Valve Size:

10.000 inches

Product Name:

Drawing name 10" bronze motor operated gate valve

Special Features:

250 psi max; handwheel; operating time 68 seconds

Material:

Copper alloy 903 body

Material Specification:

Qq-n-186 federal specification 1st material response stem

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A500a0
