Flow Control Device:

Disk

Bonnet Type:

Inside screw

Bonnet Attachment Method:

Bolted

Bolt Hole Quantity:

6 all ends

End Application:

Hd-1074 dcn

Valve Operation Method:

Automatic

Flange Shape:

Round with holes all ends

Connection Type:

Flange all ends

Mounting Facility:

Bracket

Mounting Position:

Horizontal

Valve Size:

2.500 inches

Flange Face Design:

Plain all ends

Material:

Copper alloy body

Style Designator:

Angle flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
