End Application:

E/i torpedo, consu.; piston block and cylinder assembly; free flowing

Valve Operation Method:

Automatic

Flange Shape:

Round with holes 1st end

Connection Type:

Flange 1st end

Mounting Position:

Horizontal

Style Designator:

Straight through flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A530b0
