Cross-sectional Shape:

Flat

Burst Pressure:

9.0 pressure pounds per square inch gage

Disk Material:

Steel comp 316

Burst Temperature:

72.0 degrees fahrenheit

Disk Size:

2.000 inches

Extra Long Reference Number:

Type av 2 inch, 9-11.5 psi, 316ss/polytetrafluoroethylene gaskets

Special Features:

Type av 2 inch, 9-11.5 psi, 316ss/polytetrafluoroethylene gaskets

Furnished Items And Quantity:

2 gasket

Reference Number Differentiating Characteristics:

Differentiated by extra long reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512v0
