Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-486-7928

Body Style:
Screw-in cartridge
Filter:
Not included
End Application:
Bow thruster-hydraulic system
Product Name:
Sequence valve cartridge
Special Features:
Pilot operated, balanced spool design; 3000 psi maximum system working pressure; standard external hex; buna-n seals
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A21100
