Flow Control Device:

Ported rotor

Valve Operation Method:

Manual

Connection Quantity:

2

Connection Type:

Threaded internal pipe

Mounting Facility:

Inline

Connection Location:

Side

Features Provided:

Normally open

Flow Type:

Two-way

Thread Size:

0.750 inches

Thread Series Designator:

Nptf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A501t0
