Inside Diameter:

3.260 inches

End Application:

Valve anl

Special Features:

Meets hi-shock and vibration requirements as shown on lockheed electronics co test report number 7650-1-3818/table 1 press range: psig
2300-8000, bars: 159-552

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A512e0
