Body Material:

Iron, ductile

Seat Material:

Steel

Flow Control Device:

Cone

Filter:

Not included

End Application:

Pump unit, axial pistons

Product Name:

Compensator parts kit

Special Features:

Item has no stem, the cone is the mating part to the seat and it is made of steel; the position of the cone is determined by spring force

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
