End Application:

Marine system

Product Name:

Local and remote actuator with 244 inch control cable

Special Features:

Quarter turn low to high torque handwheel (2) local to remote actuator system with 244 in long control cable; .500-20unf-2a mounting studs; 5in diam bolt circle; system output capacity 70ft. Lb. Torque with 135 ft. Lb. Maximum operating torque; 20-350 degrees f operating temp; 20,000 cycles system life @ rated torque; valve position indicators located on local and remote actuators; brass housing and handwheels; cres cable and hardware; plated carbon steel/ cast iron packs and gears.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
