End Application:

4820-01-093-0666 valve, calibrated flow; cps system

Component Quantity:

14

Component Document Origin:

Industrial

Document Source:

90800

Document Type:

Mfr drawing

Nonsupply Items And Quantities:

8matched size "e" orifice plate (item 3) 3; size "e" diaphragm (item 15, p.C. No. 5711) 3; o-rings for 14 gpm flow rate 3; plus diaphragm retainer (item 10, p.C. No. 4364) 1; o-rings (item 14, p.C. No. 4365) 2; and o-rings (item 8, p.C. No. 89050) 2

End Item Source:

90800

Document Identification:

7093-c

End Item Name:

Valve, calibrated flow (14 gpm)

Product Name:

Onboard repair parts kit for 1" multi-mesurflo control automatic balancing valve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
