**Body Material:**

Bronze, astm b61

**Body Style:**

Straight thru

**Furnished Items:**

Union nut and tailpiece w/grooves

**Media For Which Designed:**

Water, salt

**Flow Control Device:**

Disk

**End Connection Quantity:**

2

**Regulation Type:**

Manual single stage

**Manual Control Method:**

Screw

**Valve Loading Method:**

Spring

**End Application:**

Avenger class mcm

**Product Name:**

1/2" trac style "h" sea water pressure reducing valve

**Specification Data:**

81349-mil-v-2042e (sh) government specification

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A21100
