Body Material:

Bronze, astm b61

Body Style:

Straight thru

Furnished Items:

Union nut and tailpiece w/grooves

Media For Which Designed:

Water, salt

Flow Control Device:

Disk

End Connection Quantity:

2

Regulation Type:

Manual single stage

Manual Control Method:

Screw

Valve Loading Method:

Spring

End Application:

Avenger class mcm

Product Name:

1/2" trac style "h" sea water pressure reducing valve

Specification Data:

81349-mil-v-2042e (sh) government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
