End Connection Quantity:

1

Valve Operation Method:

Air

Body Material:

Stainless steel

Maximum Operating Temperature And Media For Which Designed:

425.0 degrees fahrenheit air

Product Name:

Flow control valve

Special Features:

15 in. X 14 in. X 10 in.; 0.51 lb/sec; 75 psig inlet pressure; 425 degrees f inlet temperature

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A502c0
