Body Material:

Aluminum

Valve Discharge Flow Rate:

1.2 gallons per minute

End Application:

Cl215 aircraft

Special Features:

Operating pressure 3000 psi ; proof pressure 4500 psi; burst pressure 7500 psi; operating temperature -65/+275 degrees f; no external leakage

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07100
