**Body Material:**

Aluminum

**Valve Discharge Flow Rate:**

1.2 gallons per minute

**End Application:**

Cl215 aircraft

**Special Features:**

Operating pressure 3000 psi ; proof pressure 4500 psi; burst pressure 7500 psi; operating temperature -65/+275 degrees f; no external leakage

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07100
