Body Material:

Bronze

Face To Face Distance:

5.600 inches

End Connection Quantity:

3

Temperature Adjustability:

Adjustable

Cubic Measure:

12.88 cubic feet

Product Name:

Temperature regulator 91000 series

Special Features:

Epoxy powder coated blue finish; lubricant impregnated sintered bronze; 8 feet capillary length; 110 to 135 degrees f working span; special small bulb 9inches; 250psi inlet

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
