Body Material:

Steel, corrosion resisting

Media For Which Designed:

Water, oil or gas

First End Connection Type:

Raised face flange

Second End Relationship With First End:

Identical

Seat Material:

Rubber

End Connection Quantity:

3

Mounting Facility:

Flange

Maximum Inlet Pressure Rating:

230.0 pounds per square inch

Temperature Rating:

212.0 degrees fahrenheit

End Connection Specification/std:

150 lb.Rf ansi b16.5

Valve Size:

10.000 inches

Product Name:

Amot model ge 3-way valve.

Special Features:

Seal mat.Viton, clockwise port 3 to port 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
