**End Application:**

Matcals; w/s radar and iff systems.

**Pressure Rating:**

181.0 pounds per square inch

**Special Features:**

Material spec. Is astm a479 316 ss. Pressure range 167-189 psi, set pressure 181 psi. This item is called a "disc" by the manufacturer. It's part of the 2700 kn series relief valve-model 27dc13m-u20/s4. The relief valve nsn is 4820-01-507-0624.

**Material:**

Stainless steel

**Media For Which Designed:**

Gas

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A539y0
