Maximum Operating Temp:

225.0 degrees fahrenheit

End Application:

E/i: hose and manifold, battery purge-01

Valve Size:

0.250 inches

Maximum Operating Pressure:

6000.0 pounds per square inch

Product Name:

Shut-off valve cartridge.

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519r0
