End Application:

Valve, regulating, temperature

Temperature Rating:

55.0 degrees fahrenheit and 85.0 degrees fahrenheit

Product Name:

3/4in trac style "a" 3-way thermostatic temp reg valve assembly

Special Features:

Tbronz body w/socket weld union ends with cres 304 tail pieces, bronze trim failsafe construction 1-1/8in x 12in copper bulb brass armored capillary; adjustable temperature range 55-85degree fahrenheit 1-1/2in cres bulb bushing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
