Valve Operation Method:

Manual

Butterfly Valve Size:

8.000 inches

Material:

Stainless steel stem

Material Specification:

Astm a564-630 assn standard single material response stem

Style Designator:

Err-090

Furnished Items And Quantity:

1 handwheel

Specification Data:

81349 - mil-v-24264 assembly style "a" type government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
