End Application:

E/i: 1000lp pressure reducing regulator

Tempurature Rating:

Between -20.0 degrees fahrenheit and 600.0 degrees fahrenheit

Pressure Rating:

30.0 pounds per square inch

Material:

Steel comp 302

Material Specification:

Qq-s-766 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A540d0
