Body Material:

Aluminum

End Application:

Wsd: virginia class submarine

Product Name:

Valve, regulating, temperature

Special Features:

Part number breakdown: 3/4 = size of valve opening; jo = signifies valve; a = aluminum body; w = sae o-ring seals; 120 = temperature; 05 = standard valve w/neoprene seals; rjk = mercury free

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
