End Application:

Valve assembly, size spcl

Special Features:

Pressure: operating pp and c 3000 psig, pr 350 psig; proof pp and c 4500 psig, r 900 psig; burst: pp and c 7500 psig, pr 1450 psig; operating media 2190 tep per mil-l-17331; weight 37.5 lb est wet; weight 37.0 est dry; solenoid specification: supply voltage 122 vac max

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A502b0
