Flow Control Device:

Piston

Valve Operation Method:

Automatic

Adjustable Pressure Range:

+60.0/+175.0 pounds per square inch

Product Name:

By-pass piston type relief valve

Special Features:

3/8" npt

Material:

Iron cast body

Supplementary Features:

Pressure adjusting screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A046b0
