**Flow Control Device:**

Piston

**Valve Operation Method:**

Automatic

**Adjustable Pressure Range:**

+60.0/+175.0 pounds per square inch

**Product Name:**

By-pass piston type relief valve

**Special Features:**

3/8" npt

**Material:**

Iron cast body

**Supplementary Features:**

Pressure adjusting screw

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A046b0
