Bonnet Type:

Inside screw

Bonnet Attachment Method:

Threaded

End Application:

TACT-IC-ALP-ETRO

Valve Operation Method:

Manual

Connection Type:

Threaded external pipe and threaded internal pipe

Features Provided:

Bonnet packing

Thread Size:

0.250 inches

Inlet Relationship With Outlet:

Not identical

Pressure Class:

350.0 pounds per square inch

Material:

Copper seat

Thread Series Designator:

Npt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A500a0
