**Disk Loading Method:**

Spring

**End Application:**

Reverse osmosis water purification system

**Connection Style:**

Socket (tube) all ends

**Valve Operation Method:**

Automatic

**Connection Type:**

Unthreaded internal tube all ends

**Opening Pressure Setting:**

1.0 pounds per square inch

**Outside Diameter Tube Accommodated:**

0.500 inches all ends

**Special Features:**

Inconel spring; next higher assembly: piping system, metal

**Material:**

Steel comp 316 body

**Style Designator:**

Straight thru

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530b0
