Maximum Operating Temp:

450.0 degrees fahrenheit

End Application:

Ses cart

Valve Size:

0.250 inches

Maximum Operating Pressure:

3000.0 pounds per square inch

Product Name:

Cartridge type insert check alve

Port Diameter:

0.300 inches

Special Features:

Item has external seal/vitron o-rings, 015 size; is spring operated; outlet port diameter 0.538 to 0.543 inches; there ae no threaded connections; flow to 200gp (757lpm)

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A519r0
