Overall Length:

3.750 inches

Overall Height:

5.000 inches

Overall Width:

3.750 inches

End Application:

Valve, in-line

Stem Type:

Rising

Special Features:

Assembly , in-line gage root valves .250 n.P.S. Psssn21c-505

Material:

Plastic polyamide disk

Material Specification:

281 federal specification all material responses stem

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A500a0
