**Flow Style:**

Two-way two port 90 degree plug turn

**Maximum Operating Temp:**

450.0 degrees fahrenheit single response

**Connection Style:**

G42 flared (tube) all ends

**Valve Operation Method:**

Manual

**Connection Type:**

Threaded internal pipe all ends

**Outside Diameter:**

0.187 inches all ends

**Special Features:**

Fuel tube, control panel, diesel engine "bravo-12"

**Material:**

Rubber packing

**Media For Which Designed:**

Air 1st response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A046b0
