**Flow Control Device:**

Piston

**End Application:**

Valve manifold assembly

**Product Name:**

Ventable, pilot operated, balanced piston, relief valve

**Special Features:**

Normally closed pressure, adjustment range w- 150-4500 psi, seal n-buna-n

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A046b0
