**Body Material:**

Steel, corrosion resisting

**First End Connection Type:**

Threaded external tube

**First End Style Designator:**

Flared

**First End Outside Diameter Tube Accommodated:**

0.500 inches

**Second End Relationship With First End:**

Identical

**End Connection Quantity:**

2

**Valve Discharge Flow Rate:**

4.2 imperial gallons per minute

**End Application:**

Arleigh burke class ddg

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A21100
