Calibrated Flow Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4820-01-525-8608

Body Material:
Steel, corrosion resisting
First End Connection Type:
Threaded external tube
First End Style Designator:
Flared
First End Outside Diameter Tube Accommodated:
0.500 inches
Second End Relationship With First End:
Identical
End Connection Quantity:
2
Valve Discharge Flow Rate:
4.2 imperial gallons per minute
End Application:
Arleigh burke class ddg
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A21100
