Media For Which Designed:

Steam

Maximum Inlet Pressure Rating:

150.0 pounds per square inch

Tempurature Rating:

750.0 degrees fahrenheit

Product Name:

Steam seal regulator

Special Features:

Loss of oil pressure, inlet open/exhaust closed. Steam seal connection-3.0in flange. Steem fedd connection-1.0in threaded. Dump valve connection-3.0in flange. Sensing connection-.50in flange/4 hole. Oil feed connection-1.0in flange/4 hole. Oil drain connection-1.0in flange. Approximate dimensions-20.0in x 20.0in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
