End Connection Quantity:

4

Valve Discharge Flow Rate:

19.0 gallons per minute

Valve Operation Method:

Manual

Connection Type:

Threaded internal pipe

Body Material:

Iron

Product Name:

4-way directional control valve

Spool Quantity:

1

Special Features:

3/4 in. Inlets / 1/2 in. Outlets; 30 micron filtration recommended.

Thread Series Designator:

Npt

Furnished Items And Quantity:

1 lever

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506h0
