Body Style:

Straight thru

Media For Which Designed:

Refrigerant 22

Face To Face Distance:

3.800 inches

End Connection Quantity:

2

Capillary Tube Length:

30.000 inches

Bulb Length:

2.000 inches

Bulb Diameter:

0.750 inches

Valve Expansion Control Type:

Thermostatic

Valve Equalizer Location:

External

End Application:

Hemp endurable power system

Product Name:

Thermal expansion valve intelecool

Special Features:

Inlet connection is 1/2in. Odf; outlet connection is 7/8in. Odf; equalizer connection is 1/4in. Odf.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
