| Pipe Size Accommodated:                       |
|-----------------------------------------------|
| 0.250 inches all ends                         |
| End Application:                              |
| Seawolf class ssn                             |
| Connection Style:                             |
| Socket all ends                               |
| Valve Operation Method:                       |
| Manual                                        |
| Connection Type:                              |
| Unthreaded internal pipe all ends             |
| Maximum Operating Pressure:                   |
| 4500.0 pounds per square inch single response |
| Product Name:                                 |
| Valve-top loaded-ball stop (air bleed type)   |
| Material:                                     |
| Stainless steel flow control device           |
| Style Designator:                             |
| Err-090                                       |
| Furnished Items And Quantity:                 |
| 1 handle and 1 locking device                 |
| Shelf Life:                                   |
| N/a                                           |
| Unit Of Measure:                              |
|                                               |
| Demilitarization:                             |
| No                                            |
| Fiig:                                         |
| A046b0                                        |
|                                               |
|                                               |
